Here are some free PDF downloadable resources that you may use for personal use or with your congregation. I pray it will be of blessing to you and believers around the world. Shalom!

Biblical Resources

Here is a free printable **chart for keeping track of memory verses learned**. I use this resource as a sticker chart to motivate my homeschooled middle schoolers to continue memorizing the Word of God. These particular verses are drawn from [the 16 Fundamental Truths of the Assemblies of God](#) as well as [the "Roman Road" to salvation](#) and a few other verses that I think everyone should know! So whether you are looking for appropriate Bible verses to teach students under your care or if you are studying for the Assemblies of God doctrine exam or Bible exam, this chart may be of blessing to you so I post it here hoping it will be for your benefit!
