

Shmittah: The Year of Release

Parashat Re'eh ([D'varim/Deuteronomy 11:26-16:17](#)) 5782 B"H

What is a *Shmittah* year?

Shmittah is a year-long Sabbatical for the land. It is intended to allow the land to rest, but also to allow the poor or indebted to rest. It is the year of debt-cancellation. Awesome!

Just for clarification: *shmittah* can be transliterated in several ways. Some of the more common ways you will see this word spelled include *shmitah*, *shmita*, and *shemitah*.

Shmittah became more well-known to the Christian community in recent years due to a popular book written by Rabbi Jonathan Cahn called [“The Mystery of the Shemitah.”](#) He served as a mentor to [Rabbi Jason Sobel](#) who wrote [“Mysteries of the Messiah,”](#) a book that I [reviewed](#) about this time last year. Cahn overelaborates at times and perhaps it is a fair critique that he may be (ironically) overcapitalizing on a topic that has to do with debt cancellation, but I am glad that more people have at least been exposed to the topic and that the Biblical principles of *shmittah* are becoming more widely known.

Biblical Debt Cancellation

[“At the end of every seven years you are to cancel debts.”](#)
[Deuteronomy 15:1](#)

Have you ever felt like you were

drowning in a debt?

It can be hard to feel like you have any rest.

Shmittah ensures that you get a breather.

[“. . . there should be no poor among you, for ADONAI will surely bless you in the land ADONAI your God is giving you as an inheritance to possess.” Deuteronomy 15:4](#)

Are you worried about Inflation? Learn about *shmittah*!

I am no economist, but I have read from several sources over the years that there has been a correlation between *Shmittah* years and cycles of recessions in our nation. Apparently, the stock market often crashes during *Shmittah*. So, if you're into investing . . . you may want to research *Shmittah* years!

Strong's Concordance defines "*shemittah*" as "letting drop" or "remission." It is a "release." Creditors are required to "drop the issue," to "forgive the debt" owed to them.

["This is how you are to cancel debts: every creditor is to release what he has loaned to his neighbor. He must not force his neighbor or his brother to repay, for ADONAI's debt cancellation has been proclaimed." Deuteronomy 15:2](#)

If we took the Bible more seriously, our credit structure in this country would look different. You can see how Biblical cycles did influence our financial system in that credit scores do not report the same way after 7 years, but the Biblical requirement is much more thorough, offering release to the indebted.

When we do not do as Scripture tells us . . . look where it gets us.

A shmittah year occurred from September 2021 and will end in September 2022.

Is the inflation we are experiencing due to the *Shmittah* year?

Was America *spared* a worse economic crisis due to certain *repentant actions* taken during this year such as the stronger restrictions on the sin of abortion?

Will inflation subside as this *Shmittah* cycle comes to an end?

It is worth praying about.

Our nation as a whole does *not* observe the precepts of *Shmittah*, but we like to claim we are still at least loosely

Christian. [“Blessed is the nation whose God is the LORD . . .” Psalm 33:12](#). If we claim to seek to be a godly nation, we need to follow the instructions given by Scripture, even when they seem very difficult. Allowing the land to rest for a full year? Cancelling the debts of our brothers? It is a lot to ask! We must pray for our nation to return to the LORD.

[“If only you would carefully listen to the voice of ADONAI your God, being careful to do all these *mitzvah* that I am commanding you today!” Deuteronomy 15:5](#)

***Shmittah* is a divine principle we would do well to observe!**

[“For ADONAI your God will bless you as He promised you. So you will lend to many nations, but not borrow; you will rule over many nations, but they will not rule over you.” Deuteronomy 15:6](#)

***Shmittah*, the year of release, should be a time when all of God’s children feel refreshed and renewed. Released from burdens and allowed to rest.**

Isn’t it wonderful that God has made this provisions in His Word? Wouldn’t more people be in better health if they didn’t have so much stress and could rest from some of their obligations? The LORD has provided for our wholeness and peace, for our *shalom*, in His Word.
